INVITATION FROM THE CHAIRMAN **2024 RIVERLAND FIELD DAYS**

What a huge relief it was to be able to hold an event again in 2023 after having a couple of years of forced rest. We had good reports from exhibitors with many taking advantage of our early bird applications for this year. Many thanks from the committee go to everyone involved for making it a thoroughly successful Field Day.

For new or returning exhibitors we welcome your application to take part in the largest exposition in the Riverland region. This will be a great opportunity to promote your business to primary producers and the general public. The Riverland region covers both dry land farming and irrigated horticulture, an

area of over 3 million hectares and an event like the Field Days is an enormous opportunity for business promotion.

I would like to draw your attention to your options for advertising in the Official Program. The Riverland Field Days produces the official program and this is distributed throughout the Riverland, Barossa, Regional SA and Sunraysia. With a production of over 13,000 the Official Program is also the only program handed out to patrons as they enter. For a small outlay you can reach a large number of potential customers. All details can be found in this prospectus.

WARREN MUDGE
CHAIRMAN

I urge you to return your entry as soon as possible to ensure that your site is allocated to your satisfaction.

Plan your travel, don't risk a fine!

When travelling into South Australia or the Riverland, you can't bring certain fruit, vegetables, plants and plant products with you.

Unfortunately, fruit fly outbreaks in the Riverland mean additional restrictions are in place within the region.

To find out what you need to do, visit fruitfly.sa.gov.au or call 1300 666 010

2. treated to meet South Australian entry requirements, and
3. accompanied with the relevant certification.
